

## “Relax” Portable FIR Table Lamp

According to medical reports, many people are over-weight and loaded with heavy metals and toxins. We have to provide enough energy to switch on our systems of blood circulation and metabolism. We need to increase the metabolic Energy in order to give a push to the body's inherent ability to heal itself. By increasing Lymph Flow, micro circulation and core-temperature of the body, the body will now have enough power to produce incredible benefits for your body to heal itself.

2. High-power. The amount of FIR Energy can be extraordinarily effective in improving health. Compact and exquisite, The Relax FIR Table Lamp has very strong power, more so than the larger and taller FIR products.
3. We have received Safety certificates for this lamp. . **The patented material of the 4 patented semi-conductor chips that make up the FIR radiator contains thermal materials, FIR materials and heating materials.** Inherent in the design is an automatic temperature control function that normalizes the temperature. It will not burn or scald the user, not even if you put tissue in it. It also serves as a warm blanket. Applications : One minute for eyesight care, 15 minutes for coughs, 30 minutes for stomach upset or poor peristalsis, gas, or contusions. The Relax 200 Watt FIR Table Lamp can relieve pain, and can greatly reduce the healing time of cuts and burns. It is a Great helper at home, outside, and as you travel.

### How different they are.

The power of most FIR products in the marketplace is from 8-250 watts. The high power is also accompanied by high temperatures. Because of this, they are not suitable to use for a long time and not burn. The Relax portable FIR 200 Watt Table Lamp has high power, low temperature and eliminates near infrared ray completely so it can be used for a long time. The Relax FIR energy is absorbed into the body, and resonates with human cells. It will not cause users to burn even if used for a long time.
