

Relax[®]FIR Sauna

What is FIR energy?

FIR (far infrared) is the wavelength of light that penetraes your body on a cold day and keep you warm

It's the same energy that makes turtle eggs hatch within the earths soil

The Relax[®] Sauna keeps your energy level High.

Eggs are full of Nutrients, but, without FIR Energy, generated by chickens, Eggs won't ever hatch.

Healthy cells regenerate every 28 days.
Keep your skin beautiful and smooth with FIR energy!
